

Chain of Custody - Asbestos Analysis Request Form – 2026 v2.6w

www.arecenvironmental.com

Phone: (778) 351-1966

AREC Environmental Group, Ltd.
6825-A Veyaness Road
Saanichton, BC, Canada
V8M 2A7

Form with fields: Sample Address, Date, Turn Around (Same Day / One Day / Up to Five Days), Client/Contact Name, Client/Contact Phone, Client/Contact Email, Results Via (E-Mail, Phone, Print), Year of House/Building/Reno/Sample (Optional).

It is the responsibility of the client to ensure that the testing conditions of the disposal facility are met.

DISCLAIMER: Please contact your preferred disposal facility for the in-house policies and procedures with regards to sample analysis and disposal. In-house policies can vary and change without notice, which may impact your ability to dispose of certain materials. Results will not be edited after testing.

Table with 3 columns: Sample, Material Description, Room/Area/Location of Sample. Row 1 contains '01' in the Sample column.

I understand that all sample submissions are for information/curiosity purposes ONLY.

This testing does not satisfy WorkSafeBC regulations or municipal permit requirements. This is not proof of non-detection of asbestos, as a proper hazardous material report prepared by a qualified consultant is required prior to any renovation or demolition work.
